candidates' knowledge of the English language. Candidates will also be asked to handwrite an essay on a topic that will be assigned after the test.

By the middle of February, the interviewers will meet to select the candidates to whom scholarships will be offered. We will communicate our decisions to all students who were interviewed. Candidates selected for scholarships will be asked to make an immediate decision to accept the scholarship and must bind this decision with a small deposit.

### Program Costs

As with all international exchange programs, a fee is charged to all participants. The ASSIST full scholarship program fee in Austria for the 2018/19 academic year is US \$14,750.

In addition to the fee, families are responsible for round-trip airfare expenses from Austria to the U.S., the return trip from the school at the end of the year, health and accident insurance, the medical examination, spending money (about US \$150/month), and any activity fees and expenses (such as books and supplies) charged by the school.

Each year, ASSIST receives many more applications from qualified students than we have full scholarships to offer. In these instances, partial scholarships – approximately half of the school tuition – may be offered to candidates. The ASSIST program fee in 2018/19 for partial scholarship students is US \$30,700. Tuitions at member boarding schools in 2017/18 range up to US \$62,500. In 2017/18, 82 students were awarded full scholarships, and 78 students were awarded partial scholarships.

### Purposes of the Scholarships

These scholarships are offered for several important purposes. First, the student gains tremendously and grows in significant ways. Second, we believe that international peace and friendship are advanced when people from different cultures spend significant amounts of time living and learning with one another. Third, the presence of international students greatly enriches the American schools in which they study.

**For these reasons, all scholarships offered are for one year.** At the conclusion of the 2018/19 academic year, all students must return to Austria to continue their education, and they must remain in their home country for one year. We hope over the following years that you will share what you have learned with friends, family and fellow students.

### Further Study

After spending a year at home, candidates may return to the United States for college or university study. A growing number of our students have taken this route and earned generous scholarships. ASSIST and the independent school attended in the U.S. will support the application with recommendations and advice.
